

ESSENTIAL™

MSO-OSS Hybrid, Activator, Penetrator

ESSENTIAL™ is an activator and penetrant formulated with a methylated seed oil (MSO) and an organosilicone surfactant (OSS). ESSENTIAL meets ASTM standards and all active ingredient label requirements for modified vegetable oil (MVO), MSO and OSS adjuvants.

Functions and Benefits:

- Quickly wets leaf surfaces and provides rapid coverage of target tissue
- Penetrates leaf cuticles, even under tough conditions, to promote more uptake and activity
- Rapid wetting coupled with slow drying improve pesticide uptake
- Flexible formulation can be used with a wide range of products and applications

Application Rates:

Turf and ornamentals	1 - 3 pints per 100 gallons of spray solution
Agriculture and citrus	1 - 3 pints per 100 gallons of spray solution
Rights of way & forestry	1 - 2 pints per 100 gallons of spray solution
Aquatic/surface	1 - 2 pints per 100 gallons of spray solution
Aquatic/submerged	1¼ - 2½ pints per 100 gallons of spray solution

Packaging:

- 2 x 2.5 gallons per case
